

## Frederic Trout Contest

The Frederic Business Association is sponsoring its Annual Trout Contest on the opening day of fishing season, Saturday, April 30th.

There will be three categories, Brook Trout, Rainbow and Brown Trout, with two divisions—one for adults and one for children.

Prizes will be awarded to the winner of each category in both divisions.

The fish must be caught in the waters of Crawford County and you do have to be pre-registered to enter this contest.

The contest closes at 8:00 p.m. This year's trout contest headquarters is Newberry's General Store and Gas Station, North U.S. 27, in Frederic.

## Youth Services' Environmental Program Necessary

By Casey Bush

The beauty of the AuSable River is legendary, dating back to the French trappers who named it. Originally it was utilized by the Indians and trappers to traverse the Lower Peninsula in conjunction with Lake Michigan and the Manistee River.

The uses of the river have changed over the years. The AuSable became a means of transporting lumber during the logging era around the turn of the century. Today the river is a source of renown trout fishing and is the most canoe river in Michigan with over 100,000 canoeists using its recreational facilities each year. This phenomenal amount of traffic has created an industry in this area as well as some serious environmental problems.

To quote from a 1965 study of the AuSable published by a group from the University of Michigan, "Control of littering is an absolute necessity if the recreational values of the river are to be preserved. The means of accomplishing this is beyond the scope of this paper." This was 12 years ago. Since then the river use has doubled and only slowly is the reaction to this problem become a local concern.

Youth Services ran a pilot clean up program last year that took 80 fifty five gallon bags of garbage out of the river between town and Wakeley's. This year the program has been expanded to include the neglected Manistee River, the Lake Michigan shoreline as well as the AuSable. The money needed for this project is currently being raised locally.

As assessed by a recent study conducted by Youth Services, the AuSable has at least 30, fifty-five gallon bags of trash in it and on its banks between Grayling & Stephens Bridge. This same area was cleaned thoroughly last August.

If the funds are raised, twenty local youths will be employed in this necessary and worthwhile project. The means of accomplishing the cleaning of the local environment is not beyond the scope of Youth Services. By rolling up shirt sleeves and pant legs the problem will be met head on.

## Holiday Inn Sponsors Fifth Annual Secretary's Luncheon

The Grayling Holiday Inn, in conjunction with the observance of "National Secretary's Week" will sponsor a Luncheon to honor Secretaries on Thursday, April 28, 1977. There will be a Punch Bowl at 11:30 a.m. with Luncheon following at 12 noon.

The program will feature Maynard Bailey, owner and operator of Herbruck's Cheese Counter in St. Johns, Michigan. He will speak briefly to the group about the history, care and variety of cheeses. Mr. and Mrs. Herbruck have been in this family business for years and are well known as a stopping place for many travellers who look for specialties and personal attention.

Each honored guest at the luncheon will receive a gift and there will also be a number of door prizes to be given away. Please write or phone your reservations no later than April 26; phone the Holiday Inn at 348-7611-Extension 267.

This will be an opportunity for many who work side by side each day in an office or plant, but have little opportunity to really get to know each other. Further, it is the one event during the year for those who have secretarial help to show their appreciation to those who promote our business daily, but not always receive the thanks they deserve.

Registration date for Little League will be Saturday, April 23, 1977 at the American Legion Hall, 9:30 a.m. to 11:30 a.m. All boys and girls who have not previously played ball in Crawford County must register this date. County must register this date. Bring parents and birth certificates.

Eligibility for Little League is a child must attain the age of 8 years before August 1, 1977 and not attain the age of 13 years before August 1, 1977. Try-outs for Little League will be April 30th starting at 10:00 a.m., Millikin Field, North Down River Road.

All coaches and anyone willing to help this season, please report also between 9:30 and 11:30, American Legion Hall, April 23, 1977. Any questions, please call 348-8233.

## Attention Golfers

The Grayling Country Club course will be closed Sunday, April 24th until 2:00 p.m., for an intercity match with Roscommon.

League secretary Tom LaMotte stated that more teams are needed for the late flights on both Tuesday and Wednesday, and anyone interested should contact him or sign up at the club by April 24th.

## Kirtland Memorial Scholarship

Shown from left—Mr. John Selesky and his wife, Gary Kivell, Ray Homer, Acting President, and Donald Fenton, Natural Resources Instructor.

Gary Kivell is the first recipient of the Mike Selesky Memorial Scholarship. The annual scholarship fund has been set up by Mr. and Mrs. John Selesky of Rose City in honor of their son, Michael, who died in an automobile accident. Michael had a strong interest in forestry.

Kivell, a sophomore natural resources student at Kirtland Community College, carries a 3.61 grad point average. He lives in Lupton with his wife Paulette (also a student), and their four children. Plans for continuing his education beyond Kirtland are inconclusive at this time.

## Construction Plans Continue at Kirtland

By Rod Denley  
Kirtland Community College has decided to proceed to the next step in the possible construction of a \$2 million General Services Building (GSB) for the college.

Thursday night the college board also approved a bid for the construction of a \$65,000 maintenance building for the school.

The GSB is still a long way from the actual construction stages. What the board did in their meeting was approve a resolution which gave the college staff the go ahead to submit revised plans for the project to the appropriate units of state government in order to make formal applications for state funding in support for the project. The motion also approved the payment of \$1,000 to Wakeley - Kushner Associates,

the architects who did the redesign of the drawings for the project.

College officials told the board that there was overcrowding in many areas of the college at the present time. According to a program statement on the proposed project the space for expansion is available but is being taken up by many other college offices and administrative uses. This included the admissions office, maintenance facilities, central printing and shipping and receiving.

Board members were concerned if this was a good time to build or not but it was pointed out to them by college staff that this was one of the few areas in Michigan which was experiencing heavy growth patterns and increased student population. They explained that the college must expand not

only to accommodate the present student population but to be ready for future student growth as well. According to the program statement on the new proposed building the college, "...has experienced a steady and continuous growth during the past 10 years while meeting the responsibilities of serving this area, the communities within it and the students."

During those years, there has been a continuous increase in programs and student population. Staff officials pointed out that the college has not expanded on campus at all during the last five years but instead has utilized the space available until the growth has "...reached a point where this is no longer a practical solution. There is now a definite need for increased classroom space, laboratories, and other services not available

due to overcrowding throughout the campus. The program statement goes on to say, "This overcrowding has meant that business, administrative, maintenance, and warehouse facilities are taking space that was originally designed for classrooms, study room, library facilities, and laboratories."

"The proposed GSB will relieve many of these problems by freeing up space originally designed for student educational use on campus."

The new building if it reaches final stages of grant approval and is constructed will contain a large classroom area for teaching secretarial sciences and business accounting. On the same level will be two large classrooms for the art department of the school. This will [See Construction on Page 2]

## Walt Nowak Named New Chamber Manager

The Grayling Regional Chamber Of Commerce has selected a new chambers director to take the helm of the local organization.

The new director, Walter Nowak of Owosso, will be coming here to assume his new position in the second week of May, according to Chamber President, Gloria Kraus.

The board of directors interviewed 13 candidates for the position before making the final selection. According to board officials Nowak has an extensive background in small town activities and a great deal of experience in chamber management. He is also very familiar with the Grayling area.

Nowak has served the Owosso-Corunna Area Chamber of Commerce from 1968 through 1974, when he accepted a position as the Administrator of the Shiawassee County Medical Care Facility. He held this position until April 10th of this year when he resigned. Prior to

the Owosso-Corunna Chamber job, Nowak held a similar position with the Mt. Pleasant Chamber of Commerce from 1965 through 1968.

He is a native of Alpena, where he was engaged in the family clothing business until he became the Outdoor Sports-caster for Drewry's Ltd. of South Bend, Indiana.

Nowak's travels with the camera covered the entire north country for special events including the famous AuSable River Canoe Races. He was crowned the National Trout King at Kalkaska in 1959. He received the Beaver Award from the East Michigan Tourist Association for his assistance in developing and promoting the North Country.

Nowak and his wife Mary have three adult children, all married, and are making arrangements to sell their home in Owosso for the move to Grayling.

## Bear Archery Strikers Await Court Ruling

By Rod Denley  
The oral arguments relating to the Bear Archery union dispute have been heard and once again the waiting has begun.

Even as the arguments were being heard in the Sixth Circuit Court in Cincinnati Bear Archery was conducting a labor study in Ocala, Florida, one of the cities being considered as the new home for the industry.

Members of the United Auto-

workers Local 1903 which have been on strike for over a year traveled to the hearings which were held last week.

"The arguments took half an hour exactly," said Gary Swanson, president of the local after returning here. "There was only 15 minutes for each side to present their case. The UAW had 10 minutes, the National Labor Relations Board had five minutes and the Archery company had 15 minutes. It was half an hour on the nose. We marched in at 9 a.m. and were out by 9:30 a.m."

"It was hard to believe that a strike that has been going on would be dealt with, in only 30 minutes," Swanson said the briefs presented were over 100 pages in length and during the oral arguments only the important aspects were highlighted. He said the union does not expect any definite word immediately. Swanson said he did not have any idea how long it would be before a decision would be brought down by the court. He said the union membership could only continue to wait.

Meanwhile the labor study taking place in Ocala is part of a [See Archery on page 6]

## Meeting on Mill-Town Festival

## Grayling Series to Feature France

On Thursday evening, April 28, The Crawford AuSable Community School Program will present their final travelogue of the season in Grayling's Joseph Stripe Auditorium. On that evening, Mr. Bob Ditta of Los Angeles will be in Grayling to narrate alive and in person his exciting full color adventure entitled "Byways of France". Doors at the Grayling High School will open at 7:15 p.m., and single admission tickets will be available at the door. Persons holding Travel and Adventure Season Passes are urged to invite friends and neighbors to attend with them if they have extra punches left.

France is a haven for the traveler in search of something different and in "Byways of France" Bob Ditta has tried to show the familiar along with the unique, less seen, delights of a country rich in cultural heritage. For the familiar, explore Paris the "City of Lights" and still as beautiful today as she was in comparison scenes from yesterday. Stroll the Champs Elysees on a sunny Sunday. Stop for a cup of cafe au lait and watch the people on this wide, beautiful boulevard. Spend "Bastille Day" in Paris in the Celebration of the French 4th of July! Other scenes of Paris include a look at sports, especially horseracing which is exciting and graceful to watch.

What trip to France would be complete without a stop on the French Riviera? Enjoy the sophistication of resort cities like Nice and Cannes. See the renowned beaches and azure waters of the Mediterranean. Tour the Chateau District of the Loire River and see the marvelous castle built for the elaborate royalty of France. Spend Springtime in the Provinces. Learn the art of omelette making from a genuine craftsman, Madame Poulard. Take some lessons in perfumery from French experts. The local festivals and weddings of Normandy and Brittany will delight the viewer with their spontaneous joie de vivre!

Step off the beaten path on Thursday evening, April 28 and go with Bob Ditta to search out the French people who are the heart and soul of France. "Byways of France" will begin in Grayling's Joseph Stripe Auditorium at 8:00 p.m. Price of single admission tickets is \$2.00 each.

## Students Check Forest Fire Near Kirtland Campus

**FIRE DAMAGE INSPECTED**—Officials from Kirtland Community College look over the charred remains of a few branches near the point of origin of a 12 acre forest fire which threatened to sweep across the campus of the school. Don Fenton, natural resources instructor (on left) points out the burned undergrowth to Raymond Homer, acting president of the college. Without the timely intervention of Fenton and a group of his students the fire fanned by stiff winds could have caused extensive damage. (Rod Denley Photo.)

## Tickets Now Available for Musical

Reserved seat tickets for the Grayling High School production of the American Broadway Musical "Lil Abner" went on sale Monday morning April 18 at the Grayling Pharmacy in downtown Grayling. Price of Admission to this season's musical production is \$2.00. Performances of "Lil Abner" are scheduled for Thursday, Friday and Saturday, May 5, 6 & 7, 1977. Tickets will remain on sale at the Grayling Pharmacy until 5:00 p.m. the day of the performance when they will be moved to the box office at the Grayling High School. On performance nights, the box office will open at 6:00 p.m., the Joseph Stripe Auditorium will open at 7:30 p.m., and the performance will begin at 8:15 p.m.

"Lil Abner" is an original musical comedy by Norman Panama and Melvin Frank and is based upon characters created by Al Capp in his famous comic strip by the same name. The show begins with a "typical day in Dogpatch" and continues to the Corpnore Meatin' where the good citizens find out that their community has been declared as the most unnecessary sport in America, and as a result is the sport selected by the government as the next atomic bomb test. In a frantic effort to save the town, Mammy Yokum gives a scrawny little government man a wig of her Yukonbury Tonic and he sprouts into a one hundred percent red blooded American male like Lil Abner, who takes the tonic daily. Dogpatch is spared until the tonic can be evaluated and the once cancelled Sadie Hawkins Day Race is rescheduled.

"Lil Abner" marks the twelfth season that Broadway Musicals have been included in the Grayling High School Theatre Program. The show is under the direction of Howard Taylor, Community School Director who has fifteen years of production and direction experience behind him. Taylor is also director of Technical Theatre Arts at Grayling High School.

## Campus Day for Women

include a ceramics and sculpture classroom and a separate drawing and painting classroom. A large student admissions and career advisors office will also occupy an upper level office along with the offices of the Dean of Instruction and the Director of Community and Student Services. The upper level will have space for the college board and conference room and an office for the college president, as well as accounting and business centers.

The ground level of the building will have space for a maintenance shop, vehicle ga-

rage, storage area, and large printing shop.

Board officials were concerned about the possible costs and what share the state would provide fund for the project. College officials said the state rate was very unpredictable but could go to at least 50% and possibly higher. Acting president Raymond Homer made it clear however that it would not be a free facility. "The day when you could get it all (total funding for education costs from the state or very high percentages) is over. I am sure they will have to be local input."

Dean Ostrander, Dean of Business Affairs said there would be enough capital to operate the building within the present budget as long as there was a concerted and cooperative attempt made by both staff and administration. He predicted that the construction of the building would cost an additional .3 or .4 of a mill in local taxes although it could go as high as a half a mill.

He explained that the motion passed by the board was only to seek state funding and did not commit them at this stage to final construction. Chairman of the board Robert Bovee seemed to voice the feelings of the board however when he said, "We either have to fish or cut bait. If we are not prepared to run with the ball we should quit right now." He went on to explain that there was little use in spending time and money in making plans and preparing further drawings unless the board was committed to a final goal of going ahead with construction. Following his speech the board was submitted by Ken Schaef Builders, Inc., of East Tawas. Total cost for the building is estimated at about \$70,000.

That company submitted the lowest bid on the project for all phases of the construction. The cost included landscaping, construction, brickwork and cedar shakes (to blend the pole building into the natural surroundings) and site excavation.

The board also adopted a preliminary budget for the college for the 1977-78 fiscal year with revenues and expenditures estimated at \$2,531,395.

The budget is essentially the same as the working budget of last year according to the resolution with a number of exceptions including deletion of capital outlay items, a budget for catalogs included, increases for purchase of vehicles since Michigan State vehicles have to be returned this fall, increased in utilities, salaries and fringe benefits, as well as the deletion of building construction and professional - architectural services.

Final state aid figures for the school will not be known until a State Aid Bill is passed by both the Senate and the House and is signed into law by the Governor says the information paper on the budget resolution which recommended the adoption of the preliminary budget.

## 90th Birthday Observed

St. John Lutheran Church honored its oldest member, Mrs. Algot Johnson, on the occasion of her 90th birthday, following church services on Sunday, April 17th.

The affair was held in the church dining room, which was festive for the occasion. The table for the guest of honor was centered with a lovely birthday cake in the form of an open bible, and was decorated in blue and yellow. The cake was made and given by Mrs. Robert Dandy. Yellow carnations and blue candles completed the color scheme—being the Swedish national colors.

Special guests were Mrs. Johnson's son and wife, Mr. and Mrs. Sigurd Johnson of Saginaw, Mrs. Howard Granger, a son-in-law of Kalkaska, Mrs. G. Schager also of Kalkaska and Mr. and Mrs. Carl Englund of Grayling.

After the blessing was given by Pastor Robert Haskel, all enjoyed a most delicious lunch, consisting of an assortment of open face sandwiches and jello salads, cakes and coffee.

While the special birthday cake was being cut by Mrs. Sigurd Johnson, the President of the Church Council, Mr. Wayne SanCartier, welcomed all the guests assembled and expressed congratulations from the congregation.

This was followed by remarks from Pastor Haskel, who also extended congratulations and spoke of his association with Mrs. Johnson during his years as pastor of St. John's congregation.

Mrs. Wilhelm Raee then gave a short history, "This is Your Life, Mrs. Johnson", in which she related how Mrs. Johnson (then Anna Edith Hagman) had come to America as a young immigrant, together with her parents Carl and Charlotte Hagman and family in the early 1900's. Mention was made of her marriage to Mr. Algot Johnson in 1905, and of their life together, and the children born to them.

This was followed by all singing "Happy Birthday to You".

Mrs. Schafer of Kalkaska told of her long time friendship with Mrs. Johnson and her family, after which Mr. Sigurd Johnson thanked our members for the lovely party, and all the work done by so many to make this such a festive occasion for his mother. Mrs. Johnson has been a member of St. John's congregation about 70 years, and always a familiar figure at worship services.

### O.E.S. Initiation

Grayling Chapter #83 will initiate three candidates on Wednesday, April 20 at 8:00 p.m. All members and visitors from other Chapters are cordially invited.

Grayling Chapter will also be hostess for Estarl Vesper Service on May 1st. Plan to attend.

## Bits O' Talk

by Fay Bovee

Mrs. Helen Clippert returned home Saturday after an extended visit with her daughter and family, Mr. and Mrs. James (Billyann) Brown in Toledo, Ohio. Mrs. Brown brought her home.

Word has been received of the death of William E. McCullough of Rochester, Michigan, a former Grayling resident, in Rochester on April 13, 1977. Mr. McCullough was born in Grayling in November 1892. He is survived by three sons, one daughter, eleven grandchildren, three great-grandchildren and one sister.

Mrs. Walter Truettner returned home April 9th after spending three months in Bimini in the Bahamas and three weeks in Georgia.

Mr. and Mrs. Arthur Brees and baby of Royal Oak were Easter guests of her grandmother, Mrs. Mary Lytle.

Mr. and Mrs. Dennis Betts of Coldwater, formerly of Grayling, announce the arrival of a daughter, Lori Nicole, on April 14. She weighed 8 lbs. 3 ozs. at birth and has a three year old brother, Greg, at home.

Mrs. Fred Niederer, Sr. returned home April 6th after spending the winter in New Smyrna Beach, Florida (a condominium area by the sea). She was accompanied by her twin sister, Mrs. Dan Bradow of Lansing.

## Arbor Week April 17-23

Governor William G. Milliken has proclaimed April 17-23 as Arbor Week in Michigan, with April 21 designated Arbor Day.

In making his declaration, the governor said Michigan is uniquely blessed with an abundance of green and beautiful forest land that has been the basis of great industry throughout our history and contributes much to the splendor of the "Water and Winter Wonderland."

Milliken further stated it is to the advantage of all of us that our natural resources in Michigan's more highly populated areas be preserved and enlarged and that conservation and restoration of trees be considered a major step in continuing the benefits of our great natural heritage.

He urged all citizens and community and civic organizations to plant trees during Arbor Week, 1977, so they will be a constant reminder of the priceless gift we must preserve for this and ensuing generations.

As in previous years, the Michigan Association of Nurserymen will mark Arbor Day by planting a tree on the Capitol lawn in Lansing. This year, the association is honored by having Governor Milliken participate in the ceremonies.

A special pamphlet giving full information for the observance of Arbor Week may be obtained from the Department of Natural Resources, Publications Room, Stevens T. Mason Building, Lansing, Michigan 48909.

## KIRTLAND

(Continued from page 1)

Without the hard work and efforts of both groups this could have become a very serious situation.

The matter was also raised at the Kirtland board meeting and received some discussion.

Dean of Business Herbert Ostrander told the board that the matter of fire protection from this type of blaze was getting serious discussion among the college staff and he expected "...that in the not too distant future we will come to the board with a concrete proposal." He said the college should consider some form of forest fire protection at least back pumps which can be carried on the backs of people who would be fighting the fire. "We have a \$5-million piece of property here including buildings and it should be as protected as we can make it," he said.

The discussion did take a lighter tone a few seconds later when one board member quipped, "It's not at all that bad (the area that had been burned) since it will probably be full of Kirtland Warblers in a few years." The bird which the school is named after needs a habitat to nest in that must be periodically ravaged by forest fire to produce ideal nesting conditions.

## From Our Corner...

Circumstances beyond our control has forced us to hold this edition into 12 pages—which also forces us to cut some articles, plus holding non-dated stories for next week, and also should satisfy our critics due to the fact our corner will be real short as we do not wish to take up any advertising space.

For our few faithful readers...  
If by chance you skipped by page one with but a glance in order to see what wisdom we may have had this week—back track—and catch the announcement of the new chamber manager.

If it is of any consequence, we heartily endorse the decision of the board of directors in the hiring of Walt Nowak as C of C Executive Manager.

After learning the board interviewed some 13 applicants, it is without a doubt, much thought had to go into their decision.

We remember Walt from the days when he stumped the north as P.R. for our favorite orange pop company.

Public Relations is the number one game for the manager, whether it is within the chamber membership or promoting Crawford County for its several attractions.

Walt has that experience.  
Welcome aboard—the Avalanche stands ready to assist in any way we can.

## The Bible Speaks

From Calvary Baptist Church

### The Church Of Thyatira Rev 2:18-29

Our Lord Jesus Christ speaks as "the Son of God, who hath his eyes like unto a flame of fire, and his feet are like fine brass," in addressing the Church of Thyatira. "Eyes like unto a flame of fire" speaks of intelligent, penetrating, purifying judgment which the wisdom of God has directed.

Christ commends the Church for her works, love, patience and faith, verse 19. Works are stressed within the context implying that the Church was very active in serving God by good works. Love is mentioned for the first time as an active descriptive quality of one of the seven Churches. Patience usually follows love. In fact, patience is very difficult without love.

Few of us would criticize such an outstanding church, but Jesus said, "... I have a few things against thee, because thou sufferest that woman Jezebel, which calleth herself a prophetess, to teach and to seduce my servants to commit fornication, and to eat things sacrificed unto idols." Verse 20. The name Jezebel identifies the evil wife of king Ahab of Israel. She ruled her husband, pushed for the worship of the idol Baal instead of God, had practically all of the prophets of God killed, and did most everything possible to promote idolatry and immorality.

Jesus Christ named the leader in the Church of Thyatira "Jezebel" because of the evil nature of her sin. She, like Jezebel of old, encouraged sex sin and idol worship by God's people. Not only did she teach wrong, but it was wrong for her to teach. "But I suffer not a woman to teach, nor to usurp authority over the man, but to be in silence." 1 Timothy 2:12. Women are permitted to teach other women and children. Titus 2:3,4.

Jezebel, like all apostates, refused to repent even when Christ gave her a chance, verse 21. The followers of Jezebel within the Church of Thyatira were warned that they would receive the same judgment as Jezebel if they insisted on following her, verses 22,23. Today, many people insist on following apostates. They need to be warned that they shall suffer the same punishment. What a price to pay for pride, arrogance and willful deception.

The faithful in Thyatira were to receive no added burden, verse 24. They were encouraged

to remain faithful in this life, and are therefore assured of ruling and reigning with Christ when He returns to earth. What a great day that will be when He comes to rule the nations of the earth with a rod of iron. He will have perfect control. Rev. 2:24-27. Christ will then give Himself to all who follow Him to be all they have need of, verse 28. "He that hath an ear, let him hear what the Spirit saith unto the churches." Rev. 2:29 (adv.)

### ARCHERY

**(Continued from page 1)**

feasibility study being done by the company in their search for a new location for the multi-million dollar archery business due to the poor business climate of Michigan. This report following in part, appeared in the Friday issue of the Ocala State Banner: "A survey to determine the potential labor force for a firm considering Ocala as a plant site will be conducted Thursday through Saturday."

In a classified ad appearing in today's Star-Banner, Bear Archery, manufacturer of archery equipment, is asking persons interested in seeking employment with the firm, to sign up at the Florida State Employment Service office starting Thursday afternoon.

Skilled and semi-skilled assemblers and personnel in the woodworking areas are being asked to apply.

Bear Archery officials emphasized that Ocala is only one of several cities being considered as a site for its operations.

The fact a labor survey is being taken should not be taken to mean the firm will establish operations here, it pointed out.

However, results of the survey are expected to be an important factor in determining where the new plant will be established."

### Moose Chatter

by Clarence Tetting

Once again our Defending Circle has been broken with the passing of brother Cyril Houle. Our deepest sympathies extended to his family.

The new officers for the lodge are: Governor, Dan Bancroft; Jr. Governor, Gene Gabriel; Preb. Pat Johnson; Treasurer, Ron Ebers; Trustees, 1 yr., Floyd Williams; 2 yrs., Gene Reynolds; 3 yrs., Charles Gabriel.

The officers will be installed at the meeting Friday, April 22, 1977 at 8 p.m. This will also be a business meeting.

Don't forget about the Fish Fry on Friday night from 6 to 9 p.m.

Brother Alfred Hanson has returned home after having been confined to the hospital for awhile; so his brother Ralph Slusser and his wife Dorothy. We are glad to hear that you are home again.

We had a very good turn out for the Legion of the Moose breakfast.

We would like to remind you, once again, that the lodge is saving Glen's Markets tapes.

It's great to be a Moose!

## "Two Cents Worth"

Two Cents Worth Ketch  
By Rod Denley

Getting sick of paying high taxes? Well you can do something about it. All taxes are passed into being by politicians and most of them have pretty thin hides. A local group is circulating petitions to get the state to pay equal shares of land taxes. It is a matter of what is good for the goose is good for the gander.

It could also be called the swamp tax scenario. In this area there are many acres of state land and for some strange reason taxes on everything but that property keep getting shoved higher and higher. The state comes in and evaluates all the property and since land on the famous trout streams of this area is in fact worth a lot of money all the land around gets jacked up in the assessment process except.....you're right.....all the land the state owns. Now you can help change that by signing one of the petitions to get a real, equal land tax bill passed for this area.

For many years the state paid 50 cents an acre in taxes for all their recreational lands of the north. A bill introduced by State Senator Robert Davis got the state to increase their amount paid by a grand total of eight cents. It went up to 54 cents this year and will reach 58 cents in 1979 and then that is it. If you happen to own an acre beside an acre of state land you will be happy to know your neighbor the state is paying a grand total of 58 cents while you are probably paying an average of \$4.50 for a piece of property about the same size. That is without buildings and improvements.

The state has 154,068 of those one acre parcels kicking around right now as well as 30,000 acres of military land which is a federal concern. If just the state paid taxes like the rest of us there would be \$133,057 in extra revenue for this county. If military and federal lands are added into that picture there would be an increase into county revenues of \$1,047,411. These figures were supplied by the equalization department of Crawford County. They say they are based on conservative tax assessments for this area. Full payment of those kind of taxes by the state instead of the present swamp tax would as one man said "...break the budget of the state."

However when taxes are going up in this area state aid for schools keeps going down and down and local school officials predict that within two years there will be no state aid at all. That leaves local taxpayers (all of us) with three avenues. Cut service and education to the point of neglect or pay more taxes out of our pockets or do something about it.

We can all sit around and point the finger at a lot of local groups and say "they are the culprit for increased taxes." The real problem seems to be high assessments based on continual reassessment by the state coupled with the unwillingness of the state to pay even a pittance of what they think we should pay for the same land.

The strange thing is that below town line 16 (draw a line west from Bay City) the state pays true ad valorem taxes on state land. For every acre below that line the state pays exactly what everyone else around pays. Nice to know that in the areas where there is lots of money for education and other services the state throws in some extra. Up north where people are really hurting they pay 58 cents an acre; maximum.

Now to get back to those politicians. The only reason the first bill was ever introduced was because local people back then got together and started writing petitions to get an increase. Lo and behold along came a bill.

Well it's that time again and if you really care about your tax bill get your name on a petition, a letter to a politician or your rear end out to a few meetings. A 13 cent stamp is a lot cheaper than ten times that amount on your tax bill.

Besides...even though 1976 is over and we have about had our fill of nostalgia about the fight against Britain over unequal taxation it is still one of the building blocks of this nation. A matter of your civic duty you might say.

Without further malice to any politician I would like to remind everyone that today officially opens the World Cow Chip Throwing Championship in Beaver, Oklahoma. This event runs from Apr. 20-23 and is rated as "A highly specialized athletic event which draws dung flingers from around the world. A special division of this competition, is held for politicians, who are known to be highly practiced in this area." Further information can be received from the Beaver Chamber of Commerce Box 878, Beaver OK 73932.

Have a fine week.

Notorious collector of wise and foolish sayings strikes again

[EDITOR'S NOTE: This is the second of two columns stemming from the recent Government Affairs Conference held in Washington by the National Newspaper Association.]

Faithful readers of The Almanack — all three of them — are well aware that I'm a quote collector. The recent NNA conference in Michigan, with three days of steady speeches-and-forums, provided tremendous opportunity to ply this hobby.

For example: Chief Justice Warren Burger, in discussing the claim that the court operates behind an "iron curtain": "In the first place, it's not iron, it's marble. In the second place, it's not a curtain; it's just that in the nature of our work, we must do it alone."

Mr. Justice Burger, describing split votes and "vigorous disagreement" within the court as "the safety valve" of the system: "If the Supreme Court ever reaches the time when we all agree, that's the time to worry."

Sen. Alan Cranston of California, talking of openness in government: "Government ought to stop doing things they're ashamed the people will find out."

Sen. Barry Goldwater of Arizona, after talking at length about charges linking him with organized crime in his home state and criticizing reporting techniques involved in the charges: "We all make mistakes, but none of us has the right to tell lies when we know differently."

Rep. Clement Zablocki of Wisconsin, who has been in Congress 30 years or so and was almost dumped as chairman of the Foreign Affairs Committee this year, defended the seniority system: "The people back home know best who's qualified to be in Congress."

Joseph Califano, HEW secretary, discussing health problems: "We think there are enough doctors, but they're not in the right places and not in the right fields. There are not enough general practitioners, not enough in rural areas, too many specialists. Enlarging medical schools is one of the Great Society programs that worked in spades."

Califano, again, speaking of health problems: "What we have in this country is not a health care program but a sick care program. In ancient China, doctors were paid when patients were well, and got no pay when they were sick."

Bert Lance, budget director, describing cabinet meetings every Monday morning: "We've had more cabinet

meetings already than any had here in the last eight years. I don't think they ever met before, except when they were resigning or something."

Lance again, talking generally of government's role: "All programs in government were not started out of malice; they were started out of the desire to meet the need of some particular constituency."

Jody Powell, President Carter's press secretary, on reorganization: "This is going to be a long difficult process; if it wasn't difficult, it would have been done long ago." And Powell, on energy: "Creating the department is going to be a damn site easier than getting an energy policy established."

Powell, describing Carter's approach to open diplomacy: "In the past, it hasn't been secret; it's just that it hasn't been out front for the American public. We haven't said anything that hasn't been bandied about for a year and a half, in little circles. It upsets members of that circle when you start to let more people into that circle."

And Powell once more, on America's role in the world: "Around the world, we're on the psychological offensive for the first time since I was child."

Robert Bergland, secretary of agriculture, speaking of the need for change: "Tomorrow will not be like yesterday, and to some that's unsettling, especially to those who want us to continue doing what we've been doing; in some cases that means re-inventing the wheel."

Bergland, on his farm policies: "We're going to follow the policy of Joseph — the original secretary of agriculture in Pharaohs Egypt — the policy of the ever level granary to store up in good times because certainly there will be poor times."

And Bergland, on economic forecasting based on the assumption of normal weather patterns: "I've farmed for 27 years and I've had normal weather twice." And finally, Bergland, on farming generally: "It's a business, not a big gambling casino, and should be treated as such."

Andrew Biemiller, legislative director of the AFL-CIO, discussing labor law reform: "We do not propose anything that will cause any law-abiding employer a moment's concern. In fact, it will help them."

There were more quotable quotes, of course, and some others may creep into future Almanacks, from time to time. There's no place like Washington — the word capital of the world — to pursue the hobby of quote collecting.

## Larson-Hart Exchange Vows

Vickie Larson, daughter of Mr. and Mrs. Ronald Larson of Grayling, and William P. Hart son of Mr. and Mrs. William P. Hart 1 of New Port Richey, Florida, were united in marriage Saturday, April 22, at Michelson Memorial United Methodist Church, Rev. Paul Frederick of Ishpeming, former pastor of Michelson Memorial Church, officiated at the one o'clock ceremony before some 200 guests.

Church decorations consisted of bouquets of pink carnations, white miniature mums, daisies, babies breath and fern.

The bride, who was given in marriage by her father, wore a beautiful white Quiana gown with Venise lace cascading down an empire bodice and outlining the tiered cap sleeves. Her mantilla style veil was held in place with a Camelot caplet and was trimmed with a complementing Venise daisy lace. Her bouquet was of pink cymbidium orchids, white stephanotis, pink sweetheart roses, star flowers and spring rye.

The bride's sister, Cindy Larson of Grayling, was maid of honor. The bridesmaids were Jane Hart and Ann Hart of New Port Richey, Florida, sisters of the groom. They all wore floor length halter dresses of pink knit with pink capes and matching picture hats and carried bouquets of pink sweetheart roses, white miniature mums, daisies and babies breath.

The bride's younger sister, Ronda Larson, of Grayling, was junior bridesmaid. She wore a floor length dress of white eyelet, underlined in pink and trimmed with white lace around the neck and sleeves. She carried a bouquet of white carnations, pink sweetheart roses and babies breath and wore a wreath of white daisies and miniature mums in her hair.

Tim Hart of New Port Richey, Fla. served as his brother's best man. Groomsmen were Herb Olson and P.J. McNamara. Ushers were Craig Hinkle and Ron Latusek. They are all from Grayling.

For her daughter's wedding, Mrs. Larson chose a floor length gown of blue knit with blue lace trim. Mrs. Hart wore a floor length gown of soft beige

knit for the marriage of her son. Following a two or three week honeymoon trip sightseeing in Florida, the newlyweds will make their home in Florida.

Out of town guests present for the wedding were from Saginaw, Flint, Pinckney, Dearborn, St. Johns, Ishpeming, Alpena, Honor, Gaylord, Roscommon, Alanson, Tecumseh and also from Frankfort, Illinois. (Carroll West Photo)

## House - Senate Joint Resolution

A concurrent resolution recognizing April 24-30, 1977 as Volunteer Recognition Week and paying tribute to those dedicated citizens of Michigan who give so generously of their time, energy and skills.

WHEREAS, it is most fitting that the members of the Michigan Legislature extend their deepest appreciation to those citizens who, by their actions, are the embodiment of the spirit of volunteerism; and

WHEREAS, the spirit of volunteerism is one of the philosophies upon which this nation was founded, providing meaningful citizen involvement, utilization of human resources and, an improved quality of life; and

WHEREAS, volunteerism is increasingly recognized as a central partner, an invaluable partner, together with government and business, in conducting the work of the state and the nation; and

WHEREAS, today, one of every five Americans is making a gift of time and talent to many varied types of volunteer service designated to help others or to work for a cause; and

WHEREAS, our communities, our state, and our nation will benefit as more and more citizens bestow the priceless gift that comes only when people give of themselves; now, therefore, be it

RESOLVED, by the House of Representatives - (the Senate concurring) - that Volunteer Recognition Week, April 24-30, 1977, be hereby officially recognized in Michigan and that the members of this legislative body do hereby state their commitment to encourage state agencies, together with individual citizens, to make maximum use of volunteer services; and be it further

RESOLVED, that a copy of this resolution be transmitted to the officials of the Commission on Volunteers in Michigan for distribution, throughout our great state.

## I run eight different engines. NAPA covers them all.

On my place, we run engines from eight different manufacturers. And, it's nice to know that when one stops running, my local NAPA Jobber has the parts I need to get it going again. Chances are he has in stock what I need for all of them, not to mention a big variety of tools, paints and farm/ranch supplies. But, if he's ever out, he gets what I need overnight. That's one service that's hard to find anywhere else.

**EASTER BASKETS**—The second grade children of Mrs. Connie Brown celebrated the Easter season in a different way this year. They made Easter baskets and took them over to Mercy Hospital to give to the children who were in the hospital.

**SECOND GRADE TO THE POST OFFICE**—Wednesday, April 6th, Mrs. Fleming's second grade walked to the Post Office. They planned it to be a spring walk but it turned out to be a snowy walk. Mr. Baker (the boss) took them on a tour. They saw a machine that cancelled the stamps. There were mailboxes for each house in Grayling. All the letters that were for another town were put in a pile. They were to be taken to the Post Office in that town.

Mr. Baker said, "It is very important to have the right address and zip code."

Mrs. Millikin (Jack Millikin's mother) and Mrs. Failing (Penny Failing's mother) came with them on the tour to help. The class watched a mail truck unload letters, bills, etc. They also saw a safe for stamps. By the time they got back, it was time to go home.

## Meadow Brook Theater at Roscommon

The Meadow Brook Theater will bring the professional production of George Kelly's well-lighted American family comedy, *The Shog Gilt*, to Roscommon on Thursday, April 20, at 8:00 p.m. at the Roscommon High School Auditorium.

The play is sponsored by the Roscommon Community Arts Society, Art of Culture, Inc. of Roscommon, and is directed by Peter Kelly, who has directed the play at the Meadow Brook Theater and the University of Michigan.

The play is a comedy about a family of five who are all members of the same family. The play is a comedy about a family of five who are all members of the same family.

## Bits O' Talk

Mr. and Mrs. L. E. Smith of Westland spent last week at their home here.

Mr. and Mrs. Jim McGinnis, Park and Randy, and Mr. and Mrs. Harold Goinick, Sharon and Mary, spent their spring vacation at Myrtle Beach, N. Carolina.

After returning to Grayling from the south, the Tom Rood family spent their spring vacation at Myrtle Beach, N. Carolina.

Mr. and Mrs. Marvin Nielson of Grayling, after spending the winter in Vero Beach, Fla., returned to their home here.

Mr. and Mrs. Donald Bancroft, Sr. of Grayling are pleased to announce the engagement of their daughter, Cathy, to Harold Miller, son of Mr. and Mrs. Harold Miller, Sr. of East Jordan.

## Bride To Be

Mr. and Mrs. Donald Bancroft, Sr. of Grayling are pleased to announce the engagement of their daughter, Cathy, to Harold Miller, son of Mr. and Mrs. Harold Miller, Sr. of East Jordan.

Miss Bancroft is a 1974 graduate of Grayling High School and Mr. Miller graduated from East Jordan High School in 1972. Both are employed at Glen's Markets.

The wedding date has been set for September 17, 1977.

## Film at Frederic

"A Thief in the Night" will be presented Sunday, April 24, at 2:30 p.m. at the Frederic School Gym by the Larry Bronsing Film Ministry. Admission is free.

This Mark IV Picture Inc. production was filmed in Iowa and portrays with reality the Biblical prediction "There will be no place to hide." The exciting story centers around Patty, an average girl caught up in living for the present, with little concern about the future. It shows what can happen when Jesus Christ returns.
